

Porterdale City Council Post 1

Q1. Explain how, if elected, you will work to promote sustainability in AT LEAST ONE of the following areas of opportunity identified in the EPA's Planning for a Sustainable Future: A Guide for Local Governments. For more information, download the guide here.

Transportation

Land Use Planning

Biological Conservation and Open Space Preservation

Solid Waste Generation and Recycling

Energy, Air Quality and Climate

Protecting Water Quality and Ensuring Future Supply

Green Building

Green Construction

Green Procurement

Niki Wescott:

If elected, I plan to meet with current officials and various board members on solid waste generation and recycling programs that might be in place currently or may need to be put in place for future use.

I think, at least for the residents of Porterdale, there are issues at times on how to transport solid waste materials to the appropriate facilities for recycling purposes. I would like to see the community further educated about the purposes and the benefit of recycling solid waste.
